Aran Spring Hoodie

Designed and made by **Madame Defarge****

With a rainbow of flower buttons and variety of Aran-Isle patterns including antler, braided cable, honeycomb, and twisted two stitch cable, this cardigan with attached hood will keep baby warm during her very first spring. Made of acrylic yarn the garment can be machine washed (gentle cycle, warm water) and machine dried (low temperature setting) so baby will stay as fresh and lovely as a spring day with little fuss.

****Madame Defarge is Mary Williams-Norton**
